

Definitions & Helpful Information	
Credentialing Application Requests	<p>All requests for ThedaCare Hospital Credentialing applications are submitted through ShareWell by completing a Verge Application Intake Form (VAF).</p> <p>https://sharewell.thedacare.org/Provider/SitePages/Search.aspx</p> <p>The Verge application intake form (VAF) must contain all required items and be accepted by Medical Staff Services.</p>
What is required for the VAF to be accepted?	A current CV and government issued ID will be required to be uploaded when you complete the online intake form (VAF).
Online Application completed by provider cutoff date:	<p>The cutoff date for a complete online application to be submitted by the applicant is a key date to note when considering the intended start date the provider would like to be credentialed by. If you are applying to more than one hospital please utilize the earliest cutoff date. For example, if you are applying to TCA/TCN; TCS; TCWR for September 2022 start dates TCWR would have the earliest cutoff date June 11, 2022 vs. July 10, 2022 date for TCATCN.</p> <p>Please see the ** on the credentialing calculator to assist you.</p> <p>Keep in mind, the intended cut off date is based on clean file. If during the verification process, flags are discovered, this may change the timeline of the committee review process.</p>
What is a complete online application?	<p>All data elements on the online application are complete and attested to by the requesting provider. Burden is on the applicant to comply. Missing elements will not allow you to submit the online application to start the credentialing process.</p> <p>Applications must be completed online. We will not accept faxed or scanned applications.</p>
Immunizations	Immunizations are required for an application to be considered complete. The required immunizations are: Covid, Influenza, TB within the last year, Hepatitis B, Varicella, Mumps, Rubella, Rubeola, Tdap. The application cannot be completed without these items, per ThedaCare Bylaws, the State of Wisconsin and Joint Commission Requirements.
Board Approval Date	Date of approval. Access is usually granted to all systems within 24-48 business hours after approval.
Additional Information	
Temporary Privileges	Temporary privileges are not allowed for administrative delays. Temporary privileges can only be executed for true patient care needs. Per Joint Commission, temporary appointments can only be allowed for 120 days.
What is considered a true patient care need?	<p>For the care of a patient that requires specialized skills that no other currently privileged practitioner possesses.</p> <p><i>For example, if there are 20 cardiologists on staff, temporary privileges can never be granted for this specialty.</i></p>
What doesn't constitute a patient care need?	The following examples do not constitute a patient care need in the eyes of Joint Commission: Administrative delays such as changes in scheduling due to vacation or sick leave or a provider leaving a group.
What are emergency privileges?	<p>Emergency privileges are only granted in the event of a disaster.</p> <p><i>For example, appointing physicians from out of town to assist in patient care needs for mass casualties that are presenting at the hospital or in the case when there is a pandemic, such as Covid.</i></p>

TCA/TCN January 2023 Dates	
<p>Start dates intended for Jan 10 through Feb 27 will need to meet the online application completed date.** <i>Please be advised, if during the verification process, flags are discovered, this may change the timeline of the committee review process.</i></p>
